2026 ASD School Bond – $79,460,000

The smallest projected tax impact in more than 10 years

ASD expects to receive approximately 50% state reimbursement* for this April's Bond.

Secure school entry systems and other critical upgrades are now in place at many schools, and more than half of planned improvements are complete.

Proposition 1 continues the remaining upgrades including roof repairs for leaks and snow loads, heating and ventilation systems, electrical and fire detection systems, structural and seismic improvements, and backup generators.

More than 20 schools and the student nutrition facility would benefit.
