NEED TO KNOW: BONDS AND LEVIES ON THE APRIL 2026 BALLOT

About the 2026 Municipal Bond Package

Municipal bonds are a common way local governments pay for major infrastructure projects that are used over many years. Together, these measures address routine capital needs across the community, including public safety, schools, parks, transportation, and core municipal facilities.

Proposition 2: Anchorage Roads and Drainage Service Area Roads and Storm Drainage Bonds

This bond would fund capital projects to repair, upgrade, and improve roads and storm drainage infrastructure throughout the service area.

Bond amount:
$38,450,000

Proposition 3: Anchorage Parks and Recreation Service Area Capital Improvement Bonds

This bond focuses on maintaining and improving existing parks and facilities by addressing safety needs, accessibility, and long-term upkeep.

Proposed projects include improvements to:
Campbell Creek Trail, Chester Creek Sports Complex, East Delaney Park, Eastchester Park, Far North Bicentennial Park, Fish Creek Trail, Forsythe Park, Hamilton Park, Mountain View Community Center, Nunaka Valley Park, Spenard Recreation Center, and Town Square Park.

Bond amount:
$6,050,000

Proposition 4: Anchorage Metropolitan Police Service Area Bonds

Police facilities are a critical part of Anchorage's public safety infrastructure. This bond would fund needed exterior improvements and parking lot reconstruction at the Anchorage Police Department's Elmore Station to support ongoing operations.

Bond amount:
$350,000

Proposition 5: Community Facilities Capital Improvement Project Bonds

This bond would fund repairs, renovations, and system upgrades at several key municipal facilities used by the public.

Proposed projects include:
- Facility safety and code upgrades
- Roof replacements at major municipal facilities
- Renovations at Loussac Library
- Replacement of boilers at Historic Old City Hall
- Upgrades to the Performing Arts Center

Bond amount:
$7,150,000

Proposition 6: Areawide Public Safety and Transit Capital Improvement Bonds

Emergency response systems, traffic safety infrastructure, and public transit all rely on durable vehicles and facilities that must be updated over time.

Proposed projects include:
- Replacement ambulances
- Traffic signal systems, signage, and traffic calming improvements
- School zone safety improvements
- Transit facilities, centers, and bus stop improvements
- Replacement of transit fleet and support vehicles

Bond amount:
$8,990,000

Proposition 7: Anchorage Fire Service Area Fire Protection Bonds

Over time, these fire engines and emergency response equipment reach the end of their service life and must be replaced to ensure reliable response across the community. This bond would fund replacement fire engine trucks for the Anchorage Fire Service Area.

Bond amount:
$2,500,000

Proposition 8: Chugach State Park Access Service Area Capital Improvement Bonds

Safe and well-maintained access points help residents and visitors enjoy the park responsibly. This bond would fund improvements to parking, trails, and wayfinding to enhance public access to Chugach State Park.

Proposed projects include:
- Improvements to the Basher Drive Trailhead parking lot
- Extension of Lost Cabin Trail
- Acquisition and construction of Stewart Trail wayfinding and signage

Bond amount:
$1,720,000
